

Have Your Say On Our Strategic Direction ...

The Children's Foreword

An Educational Framework for AHP's working with children and young people

Quality education for a healthier Scotland (SGHD 2010a)

Our Vision

To improve the lives of Children and Young People who require (specialist services) by ensuring staff are equipped with the knowledge and skills to do their jobs well and provide a quality service (Better Health and Better Care, NDP 2009).

Our Objectives:

- To provide guidance to managers, service planners and clinicians regarding the education requirements of AHP's working with children and young people
- To enable managers to identify the skills and knowledge needed to provide a quality service and address these needs appropriately
- To provide an educational framework for AHP's to structure their development through the career framework
- To provide a national benchmark for core skills for all AHP's who work with children and young people
- To support and guide the development with children and young people of educational material
- To signpost clinicians, managers and planners to available education resources
- To enable clinicians, managers and planners to identify the specific uni-professional training and educational needs as well as the core skills for working with children and young people

The Consultation

In July we will be undertaking a consultation on "The Children's Foreword" and we hope that this will allow our partners to comment on the draft framework and offer their views to enable us to shape the future direction of education for AHP's who work with children and young people.

How can I access it?

The consultation can be accessed via the NES Children and Young People's Managed Knowledge Network

Alternatively if you wish a copy to be e-mailed to you directly please contact Kirsty Jamieson at: kirsty.jamieson@nes.scot.nhs.uk

Responses will be collected online via the consultation discussion forum accessed from the MKN.

Timescales

Consultation will end on the Monday 16th August 2010 and the final framework will be launched on 1st October 2010

Access the consultation document at:
